SCHOOL ACCIDENT INFORMATION

If you are interested in purchasing school accident insurance you can do so now by checking out the web site below. Kids Plus was designed with kids in mind. In addition to a full range of hospital, dental and other accident-related expenses, your children are covered for special items you may not have thought about (like private tutoring while confined to home or hospital). And, because some dental repair work cannot be completed until a child's mouth has fully developed, Kids Plus Accident Insurance pays future dental treatment until age 26.

To view complete plan details please visit the following website – www.kidsplus.ca/info or call the toll free number: 1-800-556-7411. You can also pick up this information in the Main Office at LCI.

Buy online today. It's fast, easy and safe!
