Summer School Registration Begins

Lethbridge School Division offers high school summer courses through Victoria Park High School only. Any students wishing to take a summer course will need to register with Victoria Park High School which begins on Monday, April 22nd.

Phys. Ed 10 and CALM are popular courses for kids to take over the summer between Grade 9 and Grade 10. The intake process to register for that course is changing slightly this year so it is important for parents to call a head to book their intake appointment.

There is lots of good information on all of the summer school courses available to student on the Victoria Park website which is linked below:

Bus Registration for Next Year

Parents and students are being asked to register for bussing for the 24/25 school year. An email link has been sent out to all LCI parents with instructions on how to register for bussing through PowerSchool. The registration process will allow the division to get accurate numbers as to who will be requiring bussing for next year. This will hopefully reduce last minute adjustment to routes and pickup times at the beginning of the year if they have accurate numbers to plan accordingly.

Bus Registration is done through your PowerSchool Parent Accounts by following the instructions in email from division office
